STATEMENT OF UNINTENTIONAL DELAY

The Applicant respectfully submits that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137 (b) was unintentional.

Below is the Applicant's explanation of the timeline of events which resulted in the above-mentioned delay:

January 22, 2008:	final Office Action is mailed by the Office.
February 6, 2008:	the Applicant receives the final Office Action; and due to a clerical error, the Applicant erroneously enters the "final" Office Action into the Applicant's patent application docketing database ('database') as a "non-final" Office Action thereby failing to establish the database's automatic monitoring of the statutory six month period for reply, being July 22, 2008.
March 12, 2008:	the Applicant timely files a Reply to the final Office Action; and due to a further clerical error, the Applicant fails to recognize that the status of the Office Action in the database should be changed from "non-final" to "final" to thereby establish the database's automatic monitoring of the statutory six month period for reply.
October 27, 2008:	Advisory Action issues well after statutory six month period for reply of July 22, 2008.
January 13, 2009:	Notice of Abandonment issues.

The Applicant submits herewith a Reply to the Advisory Action accompanied by a Request for Continued Examination and respectfully requests that this petition to reinstate the prosecution of this application be granted. A total payment of US\$2,430 is being transmitted herewith to cover the petition and Request for Continued Examination.
